### About us

The call of the Australian Kookaburra sounds just like manic laughter and it is often colloquially referred to as the "Laughing Bird".

This range has a contemporary Australian feel with quirky packaging that stands out on shelf and is designed to bring a smile to the consumer.

### Terroir

Summer started with cool mornings and nights, with slow ripening producing excellent fruit with no diseases.

### Viticulture

Grapes are specially selected from small parcels of vines in South Eastern Australia. The vines are carefully cultivated to our specifications, with low yields producing intensely-flavoured grapes of outstanding quality.
