

The word klippen is a geographical term for an outcrop of rock, whilst kop in Afrikaans translates as either a hillock or a head.

## 2018 Klippenkop Pinotage

South Africa > Robertson  
Pinotage

A deep purple tint on the rim with delicious flavours of ripe strawberry, banana, juicy plums and rich, red cherry. Produced in an early drinking style with well integrate wood and a soft, smooth finish.

### About us

The word klippen is a geographical term for an outcrop of rock, whilst kop in Afrikaans translates as either a hillock or a head.

### Viticulture

The fruit is sourced from 35 specially selected grape growing families in the Robertson Valley. The Pinotage vineyards are grown in the lime rich karoo soils with fairly high clay content. This soil enables growers to use regulated deficit irrigation to control vine vigour and berry size. Pinotage quality benefits a lot if quite severe water deficit are induced between berry set and veraison. After a strict vineyard selection the selected fruit was harvested from middle February to the first week in March.

### Vinification

Grapes were harvested at full ripeness between 23.5-26.5 B from a selection of vineyards. Malolactic fermentation took place in temperature controlled stainless steel tanks.

### Recommendation

Enjoy now with roast beef, guinea fowl, roast chicken, stews, lamb, pizza and pasta.
